

Dear Sacred Earth Guardians,

We thank you for you taking the initiative to join our tribe as we dive deep into the wisdom, initiations and healing traditions of Peru with our Elder Teacher & 4th Level Altomasayoq (Andean Priest & Nature Mystic) Zane Curfman with the Sacred Earth Guardians' Peruvian Cross-Cultural Apprenticeship. This is the 12th year of this apprenticeship offering.

Please read thoroughly the Sacred Earth Guardians' School Tab on our website before applying. A \$500 non-refundable deposit confirms your commitment to joining our class. The \$500 goes towards the tuition for your class. Our school fills up quickly, so this ensures your spot. We will then set up an appointment to discuss payment options with you and create the proper financial arrangement.

As you begin to go through the process of joining our school it is our wish to know more about you. We invite you to sit with each question on this registration. We welcome you to feel into your heart what responses naturally arise. We appreciate and trust in everything you share as perfect. We truly look forward to getting to know you more on our sacred earth journey together.

With Gratitude,

Zane Curfman & Auria Gaines of Sacred Earth Guardians

SACRED EARTH GUARDIANS SCHOOL QUESTIONS:

SACRED EARTH GUARDIANS QUESTIONS CONTINUED:

What is your philosophy or approaches to partnering with the earth? If you do not have any certain philosophy or approaches what is your vision of how you would like to partner with the earth? (This can include: activism, gardening, herbalism etc.)

Are you comfortable with intimate group sharing as well as holding space, privacy and honoring other's sharing in our group circles? What are your strengths and challenges in these areas? We also welcome and support us navigating learning how to hold more heart space and presence in class time together.

Below we also welcome you to share anything else about yourself that you feel will help us get to know you more. Also we would love to hear about questions you might have about Sacred Earth Guardians School. Is there anything else you like to share?

SACRED EARTH GUARDIANS SCHOOL PHILOSOPHY & CIRCLE ETIQUETTE

We will be immersing ourselves into deep healing and earth-based practices. It is vital that we hold safe supportive space for each other in this circle. We also need to each commit to showing up fully and commit our hearts fully to this work, one another, and the earth. With this it is expected that each student that joins takes responsibility on their own part to creating the sacred container for all participants to be able to fully dive into this work together in our Circle during Sacred Earth Guardians.

We each are here to be fully present and to take an active role in respect, openness, non-judgment, self-responsibility, self-care and healthy boundaries. This starts with our relationship to ourselves, and expands into the relationships of all members of our SACRED EARTH GUARDIANS, our allies, and the earth in our time together. Each of us are called every time we join together to create circle to meet with one another by being conscious of how our energy effects or distracts the circle and each individual from their own deep work.

Each person is always free to come to circle with what they are moving through internally. But it is encouraged to also come with the awareness that we are all moving through our own internal processes and to honor each person's individual process. This way we can collectively hold supportive sacred space for everyone and the work we're doing together in circle.

We are so honored for your decision to join us in diving into very sacred and blessed medicine work.

*Earth Blessings,
Zane Curfman & Auria Gaines of Sacred Earth Guardians*
